

Continued from page 3
 the Herzl Zion Society went quietly to sleep. There was no meeting called in the last three months, neither was there a meeting called for Herzl's memorial day, as should have been done.

It seems that a good many Zionists are always willing and ready to talk about other Zionists who are doing nothing for the cause, but it seems that the same people are doing less than the people they are talking about.

Now, fellow Zionists, it is about time for us to stop talking about the movement, but it is time to do something. Why not call your meeting regularly every month and discuss matters, and let us all know what is going on in the Zionists Circles. I do not like to criticize anyone, for I am a Zionist myself, and it hurts me to see that there is interest in every other society in our city, except Zionism.

What is the Propaganda committee of the Herzl Zion Society doing? Is it merely an honor to be on the Propaganda committee or is there also some work to be done for the movement?

Now this year when everything is favorable for the Zionist movement, why do we Houston Zionists sleep and do nothing, not even have regular meetings? Is it politics that we are Zionists for, or is it Zionism?

Again I say to the officers of the Herzl Zion Society, as our convention will soon take place, that it is about time for us to wake up and do something for our noble cause. Let our delegates, when they go to the next convention, have something to report about Houston, and not be ashamed before the other delegates who will represent the different cities.

A ZIONIST.
